PATTERN

Cast on 120 stitches on size 6 needles using cast on technique in the tutorial video.
Without joining, work in round until piece measures 6" from cast on edge. This will create a 3" brim.

CREATE THE BRIM

With the left needle, pick up the first stitch from the cast on edge, knit together with the first stitch on your left hand needle. Repeat for each consecutive stitch until all stitches and cast on stitches are worked together. See tutorial video for more detailed description of this technique.

Continue in stockinette stitch 3.5 inches more (6.5 inches from the fold)

CROWN DECREASES

Switch to double pointed needles when necessary.
1: *k13, k2tog. Repeat from * to end of round.
2 and all even rows: knit.
3: *k12, k2tog. Repeat from * to end of round.
